EDITORIAL

“..... And the power of the Lord was present to heal them.” Luke 5:17. The power that resurrected Christ resides in our mortal bodies. We thank God for this power which heals, transforms and renews. We, therefore, continue this year in our quest to touch lives by the mandate given to us by our Lord and Master. With this in mind, we pray for more grace for our dedicated volunteers the world over and for fresh empowerment to reach out to more people requiring the touch of Christ.

We are forever grateful for the grace He afforded us last year and we pray and hope for more this year. We seize this opportunity to appreciate all our donors and sponsors and ask for God's abundant blessing upon their lives.

CHM USA

The annual conference of our ministry in the USA was held on Saturday the 12th of November 2016 in Lakeland, Florida. The theme of the day was Faith for Healing (Exodus 15:26). Among several activities of the day was a time of testimony to God's healing. One of the special guests at the conference, Bishop Jim Hampton, who presented chaplaincy certificates to some of the members, testified to the power of God for healing his back pain following a time of prayer at the conference. Other testimonies included that of a woman who had been healed of breast cancer and a man who was on a respirator for a week for respiratory failure caused by a collapsed lung following a fall. This man was prayed for regularly by CHM volunteers while in hospital. He made a good recovery and was well enough to attend the conference in Lakeland following his discharge from the hospital a week earlier (see photo below). The health seminar at the conference which focused on cancer of the colon and hypertension was professionally delivered by Mary Esele, a senior nursing consultant. We give thanks to God for His healing and also for the blessing of eight new volunteers who joined the ministry during the conference.

LIFELESS & LOW CHW ARE 2016 CONFERENCE

CHM Nigeria

Christ Hospital Ministry, Nigeria annual conference was held on the 3rd of December 2016 in Ikeja, Lagos State. The theme of the conference was, 'In times like this' (Genesis 26:12). It was a time of rejoicing and offering special thanks to God for His deliverance and healing in the lives of many through the work of the ministry. The day featured a time of prayer and testimonies notable among which were that of a woman whose medical treatment was paid for by CHM Nigeria and a man with an eye problem who had a successful operation paid for by CHM. Among other activities of the day was a health seminar on mental health delivered by the guest speaker, Dr (Mrs) Dorcas Taiwo-Ola in which she advised on ways of guarding against mental health issues. Awards were also presented at the conference to some volunteers in recognition of their outstanding contribution to the work of CHM in Nigeria and internationally. Notable among these, was the CHM international president, Revd Sam Ajibola. Revd Ajibola arrived in Lagos a day earlier and immediately joined volunteers in visiting a local hospital to minister and pray for patients some of which included very ill babies. CHM Nigeria were informed last December of the plight of a set of twin girls abandoned in the hospital following delivery because of inability of their parents to pay the hospital bill. Our volunteers on learning of the case, visited the babies in the hospital hoping to help. Thankfully by the time they arrived, the hospital bill had been paid by non-governmental organisations (NGOs). CHM volunteers, however, donated items of food and clothing to the babies (aptly named Testimony and Destiny) and plan to keep in touch with the parents for continued support and prayer. The story was reported in the Punch newspaper published on the 6th and 8th of January 2017.

CHM UK

CHM volunteers have continued to visit the sick at home and in hospitals with God performing breakthroughs in the lives of many. Many of these visits would not have been possible without the grace of God and the dedication of our volunteers. We give thanks to God for their lives and pray that The Lord will continue to strengthen them. We also seize this opportunity to appreciate the dedication of our numerous benefactors in giving financially to our cause in 2016 and pray that God will bless you immensely.
