prayer conference**

## EDITORIAL

As we approach the last quarter of the year of our Lord 2018, we believe it's only right that we take stock and acknowledge the omnipotence of God in all we've undertaken so far, His omnipresence everywhere we've been and His strength in accomplishing all we have to date. Apostle Paul said in 2 Corinthians 12:9, "And He said to me, "My grace is sufficient for you, for my strength is made perfect in weakness." Therefore most gladly I will rather boast in my infirmities, that the power of Christ may rest upon me." This verse resonates with us as CHM volunteers as we continually wage spiritual war in the battle for healing. God's grace has always been sufficient for us so we give thanks to Him for his faithfulness. We know God has so much more in store for us this year so please read on as we take you on a short journey of His goodness to us so far this year.

## CHM Ghana

Our colleagues in Ghana in their usual style have shown an admirable dedication to their work as volunteers in the first half of this year. Notable among their activities this year are the regular visits paid to Aponche Memorial Clinic and Tema General Hospital where about 200 patients some of whom are children and pregnant women have received divine healing following prayers and support by our volunteers. As part of their regular training and bonding exercise, CHM Ghana organized a one day retreat at Swiss GH Homes Hotel. Revd Ennin, a special guest at the retreat, gave a talk, the title of which was 'the kingdom of God' while the chairman of CHM Ghana, Dr Djaba, moderated during a bible quiz at the retreat. As part of the activities of the day which was well attended by the volunteers, there was a time of intercession for patients, families and CHM activities worldwide.

## CHM Nigeria

The Oko Oba, Lagos branch of our Nigeria chapter last May officially installed a new leader in the person of Brother Abraham Teniola ably assisted by Sister Grace. The month also saw the first official meeting of the chapter when the leadership met to set the tone and direction of the organisation this year. To enable effective communication among volunteers in the area, a WhatsApp (social media) group was set up on the 14th of April 2018 while others unable to join the group are reached by SMS. On a rather more positive note, CHM Nigeria at its June prayer conference, witnessed testimonies of healing notable among which was the case of a gentleman who had been ill for several months with kidney disease. After undergoing several operations and with prayerful support by our volunteers, he was eventually discharged home from hospital following a satisfactory recovery. Similarly a lady who also underwent several operations was able to leave hospital following a satisfactory recovery. We kindly request that these and others who are ill continue to be supported with prayers so that they can receive complete healing. We give thanks to God for His goodness, mercy and answer to prayers.

The man recovering from kidney disease (left)

This year’s CHM Norwood Away Day was held on the 21st of July 2018, at Union Street Methodist Church, Maidstone. The theme for the day was Daniel 11:32 , “But the people who know their God shall be strong, and carry out great exploits.” Pastor Ebenezer Olokode, the key speaker on the day, speaking on the theme, stressed three key points which were knowing God, staying strong and doing exploits. The main focus of the day was an extensive prayer session based on the day’s theme after which Revd Sam Ajibola led a time of ministration. Another highlight of the day in terms of its unique significance was the participation of the youth who were visibly moved by the power of the Holy Spirit. Some of them spoke excitedly about their experience, a couple of which are mentioned below:

*"The CHM away day was a time of great refreshing and affirmation. It was an intimate gathering that really allowed the Holy Spirit to truly have His way."*

*"The away day was a very fruitful time in the presence of God. The young and old were able to fellowship together, It was a privilege to hear from God through multiple prophecies with words of encouragement to continue to spread the gospel in our communities."*

The meeting witnessed an extraordinary move of God with the demonstration of His power and authority. We are in no doubt that all those who participated in the meeting would have left fully equipped to do exploits in their various communities.

**CHM Zambia**

CHM Zambia has been making great strides in their ministry in that part of the world. The volunteers regularly visit local hospitals and the prison in Ndola where they are based to pray for patients and inmates respectively. Last June while visiting a local hospital to pray for patients, a man was brought in with apparent mental health problem. The volunteers prayed very hard for healing and God answered their prayers with the result that the man received healing and became very calm. Other activities during the month of June was a teaching seminar for the volunteers and the weekly radio health programme run by Revd Mulenga, chairman of CHM Zambia. We ask that prayers be rendered for our volunteers in Zambia for continued strength and that the Lord will provide more volunteers to help their fledgling work in that part of Africa.

**Short Exhortation**

Our time is in His hands  
 Our hope is secure in Him  
 Our comfort is in His word  
 Our blessing is in His provision  
 Our help is in His name  
 Our healing is by His stripes  
 Our protection is in His tower  
 Our strength is in His grace  
 Our future is in His promise  
 Our inheritance is in His kingdom

**Prayer Points**

1. Please pray for a man in the USA who collapsed suddenly and had to be ventilated in hospital for several days. Following intensive hospital care and prayers he was eventually discharged to a rehabilitation unit after making sufficient progress. He requires continued prayer support to ensure a complete recovery.
2. Prayer for continued and complete recuperation for a man in India who recently had heart surgery.
3. Prayer for God's miraculous healing of a middle aged gentleman in the UK with chronic kidney failure and heart failure.
4. Prayer for healing of an elderly lady in the UK with the challenges of dementia
5. Prayer for divine healing and inner strength for a middle aged man in Zambia with challenging health issues relating to type 2 diabetes
6. Prayer for all CHM volunteers worldwide for God's continued strength and inspiration to perform their tasks.
7. Prayer for the successful completion of all annual CHM conferences this year.
