

CHM in Action

CHRIST HOSPITAL MINISTRY (CHM) INTERNATIONAL NEWSLETTER

April 2015

Editorial: Great things God has done in the lives of His people since our newsletter went out last time. We are glad to report that He has remained faithful to the calling that He gave to this ministry, with signs and wonders confirming His presence with His people.

Thank you for continuing to be part of what God is doing in these end times. We appreciate you and everything that you have contributed and continue to contribute towards the uplifting of mankind via this ministry. May the Lord continue to prosper you in all your endeavours. God bless you.

CHM INDIA

CHM India held their annual conference on the 26th and 27th of February 2015. God moved among His people with many testimonies of the power of God in the healing of people with eye diseases.

CHM India is unique in that its annual conference holds over a two-day period which includes a medical camp. In 2015 there were testimonies how God has used CHM India to provide reading glasses for 60 local pastors during one of CHM India Medical Camps prior to the February 2015 conference, giving them the opportunity to read easily thereby facilitating their pastoral ministries.

Also at the February 2015 medical camp, the eye clinic District Medical Director who also happens to be a CHM volunteer and sponsor referred twenty people to the local district hospital for eye surgery. In total, 437 people were attended to in the medical camp.

CHM Medical camp in India.

During India's conference 2015, following a ministration session led by Elder Tope Akinola, one of the delegates from the UK, about 42 people gave their lives to Christ. In total over 700 people were ministered to during the two-day conference, many of them testifying to the power of God in their lives. Below are some photographs from the conference.

CHM India faces particular challenges as it serves a very large community made up of a big city and small villages which are several miles apart. Through CHM many have received salvation and are now practicing Christians. Please continue to pray for God's work to continue in India amidst the challenges faced by the volunteers.

CHM UK

We recently received the report of a young man diagnosed with a mini stroke in the UK. The illness had affected his speech and also caused weakness of his left leg. However, following the intervention of CHM through prayers, he has now recovered fully and has been discharged from the hospital. Thanks to God for His miraculous power of healing and restoration.

PRAYER REQUESTS

1. Please pray for God's intervention and healing for an elderly woman who was recently admitted into hospital in Nigeria with a stroke.
2. Prayer for God's mercy, healing and total breakthrough for a teenage boy with a rather complex illness.
3. A young lady in the hospital needs God's total breakthrough over a sudden illness.
4. Prayer for an elderly woman in the hospital with a chronic illness.
5. Prayer for God to complete the good works of healing which He has started in the lives of children in intensive care units in hospitals and also in medical care homes.
6. Prayer for a young man diagnosed with cancer in America, for God to show mercy and heal him of this unexpected disease.
7. Prayer that the Lord will destroy the power behind sickness and illness in people's lives.

Heaven-inspired message from computer buffs:

Look after your hardware (heart), scan it regularly (confession), reboot daily (repentance) and run the antivirus (Word of God) to quarantine any malware (sin) that may have taken up valuable space on your hard drive (mind). Update your programmes regularly and install software that help in the smooth running of your PC (soul). These include firewall (praise) and bundle packages (worship). Don't forget to leave your Bluetooth (prayer) running so you can send messages to your external Drive (God the Father, the Son & the Holy Spirit). Don't worry it's safe and it will prolong your battery life (body). Important files can be safely stored in the Cloud or drop box (spirit) to be retrieved when required.
