CHRIST HOSPITAL MINISTRY (CHM) INTERNATIONAL NEWSLETTER

January 2015

Editorial: Welcome to the maiden edition of CHM in Action, the Newsletter of Christ Hospital Ministry and the medium through which we hope to keep all our volunteers and donors informed of the mighty things that God is doing through our organisation.

CHM is a non-denominational Christian charity organisation that identifies with the loneliness, low self-esteem, sense of abandonment and loss of hope that is associated with sickness, endeavouring to provide help for the sick.

This quarterly Newsletter will update you with a handful of topics, as there are many things that God is doing but for which there may not be enough space in this abridged quarterly. We also hope to bring to your awareness some of the cases for which we require you to bear us in prayer. You will find these in the Prayer Requests section.

Thank you for making yourself available for God's use in this great movement and as part of what God is doing in these end times. We appreciate your financial, moral and spiritual support and pray that the Lord continues to renew your strength and make you prosper in all that you do; that you may continue to stand in the congregation of the righteous, bringing forth fruits that may continue to remain and abound. God bless you.

CHM INDIA

CHM continues to make impact in rural India in the province of South India. CHM helps to provide access to health, social care and pastoral help in these communities through the work of our volunteers; the number of which currently stands at thousands of young and old.

CHM India is headed by Pastor Paul Livingston who has ably steered the course of CHM in India since February 2006. He is married to a committed Christian lady and they both have two children.

CHM India faces particular challenges as it serves a very large community made up of a big city and small villages which are several miles apart. Through CHM many have received salvation and are now practicing Christians. We ask that you pray for God's work to continue to spread despite the challenges faced by the volunteers and that more lives will continue to be saved through the efforts of the volunteers.

During the CHM India conference last February 222 people gave their lives to Christ.

CHM GHANA

CHM Ghana was established in August 2004. Today CHM is represented in Accra, the headquarters and also in Kumasi and Keta. CHM Ghana is headed by Dr. Samuel Djaba who is a qualified medical practitioner based in Accra. Dr Djaba is a medical practitioner.

He is a lecturer at the University of Ghana and he is also a man of God. He provides help from both secular and spiritual perspectives – a unique quality which has no doubt afforded him the skills to deal with these complex health and spiritual cases. His private clinic in Ghana continues to be a tremendous blessing to CHM. Under his able leadership, CHM Ghana has grown to hundreds of committed volunteers.

CHM helps in providing financial, social and pastoral support for many in hospitals, clinics and homes who have no means of support.

CHM NIGERIA

CHM Nigeria was inaugurated in December 2001. It began as a follow on from CHM UK and is headed by Mrs Joyce Akinola who also serves as the Vice President of CHM Africa. She is assisted by Pastor Bayo Akinjiyan (Vice Chairman, CHM Nigeria) and Mr. Dele Lanisa (General Secretary). Their tireless efforts and inspirational leadership have seen CHM Nigeria grow into a well-established organisation that has transformed many lives in Nigeria.

Under the direction of the Holy Spirit and sterling efforts of its volunteers, CHM Nigeria continues to reach out to thousands of people with health, social and pastoral needs. It also helps in rehabilitating patients whose lives have been ravaged by illness or devastated by accidents.

A case in point is that of a man who was unfortunately involved in a road traffic accident and was left in the hospital. CHM stepped in offering prayers and social support, which eventually led to his complete recovery and rehabilitation. This is only one of several lives that have been touched by God through the work of CHM in Nigeria.

CHM USA

CHM has been in existence in the USA for over 8 years but was officially inaugurated in July 2014 when its first conference was held in Tampa Florida. It is headed by Pastor Isaac Olabisi, assisted by the CHM USA National Coordinator / General Secretary (Mrs Modupeola Ajayi) and other regional coordinators who are based in Florida, New York and Houston, Texas. Already there are testimonies of God's miraculous healing among the people.

CHM UK

CHM UK was established through divine inspiration given to the President of CHM International, Revd Samuel Ajibola. Since inception in September 2000, many lives have been transformed and many miracles wrought by the power of the Holy Spirit working through our many dedicated volunteers to whom we owe a debt of gratitude for their tireless efforts. Many the Lord bless them all.

CHM UK is headed by Dr Olugbenga Sofowora, a General Practitioner and an Elder in Maidstone International Community Church. CHM UK also has the unique privilege of being the Administrative headquarters of CHM International ably headed by Mr Olufemi Abiodun, General Secretary of CHM International, an IT specialist by profession.
