

CHM in Action

CHRIST HOSPITAL MINISTRY (CHM) INTERNATIONAL NEWSLETTER January 2016

Editorial: We wish all our volunteers, supporters and readers worldwide a very happy new year trust that we all had a wonderful Christmas celebration. It is another year and one we trust will bring blessings in abundance to us all - a leap year that will leap us over our difficulties. We thank God for his divine enablement over the years and we trust in His continued faithfulness for this year and future years.

Our work as volunteers is relentless and we continue to discharge our duties, making ourselves available to all who require our services as the Lord directs us. The year is shaping up to be a very busy one already as we will appreciate from the list of prayer items below. However, we trust that the Lord will carry us through, as He has always done.

CHM NIGERIA

CHM Nigeria held their 14th Annual Conference on 5th December 2015. The Punch Newspaper reported in its 5th December 2015 edition the news of a cheque presented by CHM to a local hospital in Lagos prior to the Conference that went into offsetting the hospital bill of some patients that CHM Nigeria had supported (pictured). The Conference was well attended and there were testimonies by some of the delegates to the power of God.

Some of the patients (right) whose hospital bills were paid by CHM Nigeria recently, flanked by CHM volunteers in Nigeria (left).

CHM UK

Late last year, our volunteers were called to pray for a young man who relocated to the UK from India. He suffered a severe asthma attack, which unfortunately led to brain damage as a result of lack of oxygen to his brain. His illness was so severe that his family were called to the UK to support him. His family however, took the decision to take him back to India to convalesce and were greatly helped by donation from one of our volunteers on behalf of CHM.

Throughout his hospital stay here in the UK, CHM continued to provide the family with moral, financial and spiritual support and as a result, he made considerable improvement before discharge. It gives us great pleasure to announce that the man's parents have indeed now become CHM volunteers in India. We pray that the Lord continues to restore him back to full fitness and we hope to provide an update on the young man's progress when our president attends CHM India's annual conference in February this year.

CHM International Programme for 2016

February 2016 (India conference)

August 2016 (Ghana conference)

10th September (UK International Conference)

October 2016 (USA Conference)

December 2016 (Nigeria conference).

CHM USA

We recently received a testimony from our volunteers in the USA of a man with kidney disease previously hospitalised. He has now been discharged home and is having hospital follow-up. We give thanks to Almighty God for His divine healing and intervention.

PRAYER REQUESTS

1. Prayer for a man in the UK with leukaemia and cancer of the prostate. Let's pray that every plan of the evil one over his life will be destroyed and that the Lord will restore him to full health.
2. Prayer for a lady with cancer of the breast in the USA, that every cancer cell in her body will be destroyed. Wherever the abnormal cells are found in her body, that God's divine laser will destroy them and that she will respond to treatment and recover fully.
3. Prayer for the young man in India mentioned above with brain damage following a severe asthma attack while in the UK, that the lord will restore him to complete health.
4. Prayer for complete recovery for a young girl in the UK who went into coma following a recent accident. Although she has now recovered from the coma but she continues to require support.
5. Prayer that the Lord will continue the work of healing which He has begun in the lives of children in hospitals, rehabilitation centres and care homes. "He who has begun a good work in them will be faithful to complete it. Amen."

Inspirational Message

"Physical well-being, diet and exercise go hand in hand just as Spiritual well-being and prayer go hand in hand. Eat well, grow well, pray well, live well.

For in Christ, we live and move and have our being... Acts 17:28a"

- Sister Dupe Ajayi, CHM USA
